

MAHESH A

Frontend Developer | UI/UX Designer

Trivandrum, Kerala, India | +91-9746148984 | www.linkedin.com/in/mahesh-ayyappan
mashvisionz@hotmail.com | <https://mashvisionz.github.io/portfolio/>

PROFESSIONAL SUMMARY

Frontend Developer with 10+ years of experience designing and developing responsive, scalable web applications using Angular, JavaScript, TypeScript, HTML5, CSS3, SCSS, Bootstrap, and Tailwind CSS. Successfully delivered 70+ client projects, developed 70+ reusable Angular components, and improved page load performance by up to 50% through frontend optimization. Skilled in building scalable, user-friendly, and high-performance web applications while collaborating effectively in Agile development environments. Proficient in Figma for creating intuitive, visually appealing UI/UX designs and translating designs into responsive, high-quality interfaces. Familiar with AI-assisted development and productivity tools, including Antigravity, ChatGPT, Canva and Google Gemini, to enhance coding efficiency, problem-solving, UI development, and workflow productivity.
